Standard Operating Procedure

The University of Toledo Facilities Maintenance Department will continuously engage in the evaluation of our campus for deficiencies or improvements that can enhance the ability of those who are physically challenged to access facilities or systems.

Purpose

To ensure that the University of Toledo campus is free from barriers that limit the ability of those who are physically challenged.

Procedure

1. Facilities Maintenance will evaluate campus buildings and grounds for barriers that would limit persons who have physical challenges on a continuous basis.
2. Accessibility issues relating to renovation will be addressed on the following priority basis.
 1. Continuously evaluate physical barriers in our campus and system structure to ensure full compliance with the Americans with Disabilities Act.
 2. Review and implement recommendations based on an evaluation completed by the Collaborative, Inc. and the UT ADA Committee related to the American's with Disabilities Act and the deficiencies at the University of Toledo.
3. Request received for the renovation or modification and any associated design shall conform to the ADA guidelines and code requirements.
