The hallway features high ceilings, large arches, and classical architectural details. A semi-transparent dark grey box is overlaid on the center of the image, containing the main text.

INTRODUCING THE NEW
BNC ADOPTION & INSIGHTS PORTAL

Academic Leadership / AIP Administrators

Introducing the Adoption & Insights Portal (AIP)

AIP was developed by Barnes & Noble College to solve challenges faced by our higher education partners in the areas of discovering, selecting, and monitoring course material adoptions.

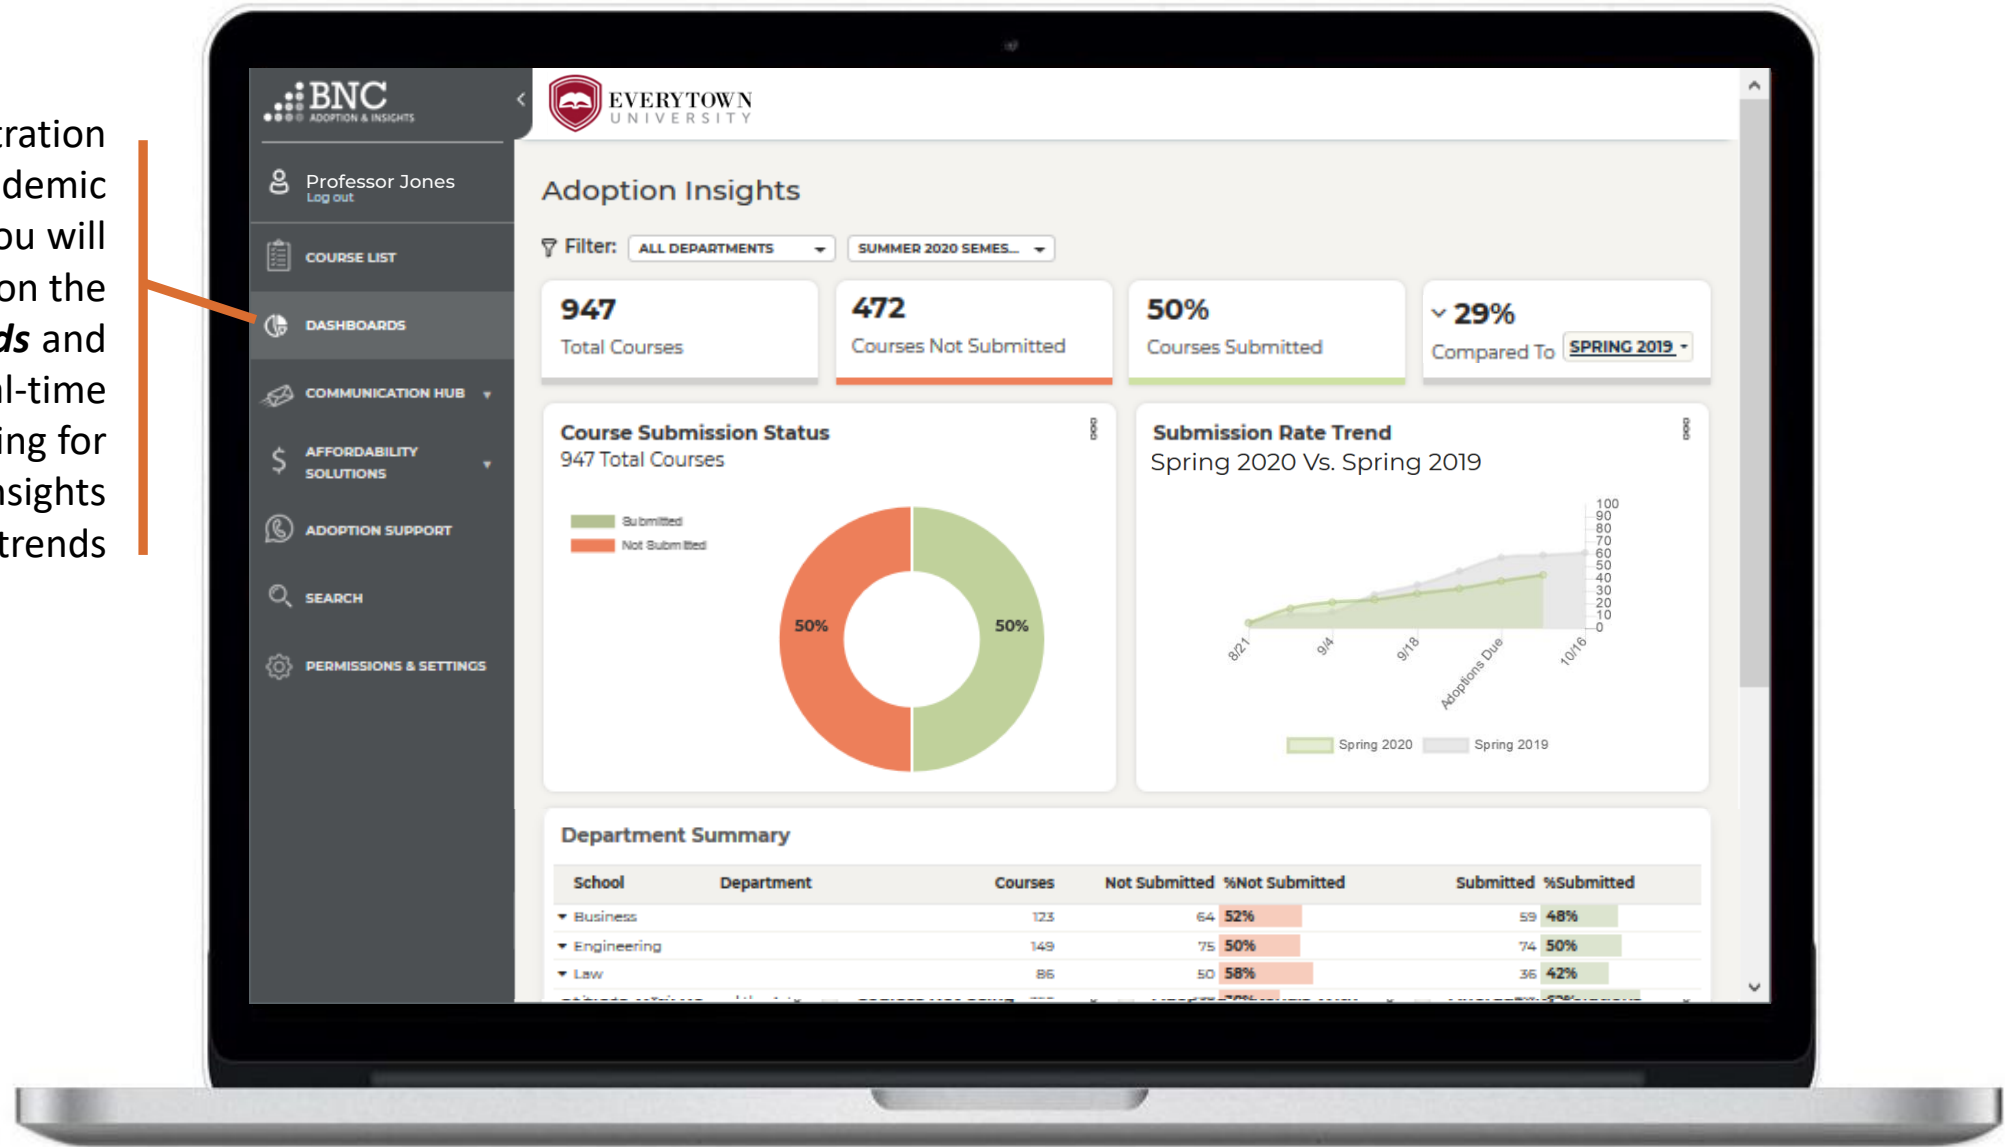

Powered by your Student Information System (SIS), AIP delivers a highly personalized, streamlined, action-oriented user experience for faculty, staff, administrators, and academic leadership.

With AIP, faculty and staff can easily manage and submit course material adoptions each term.

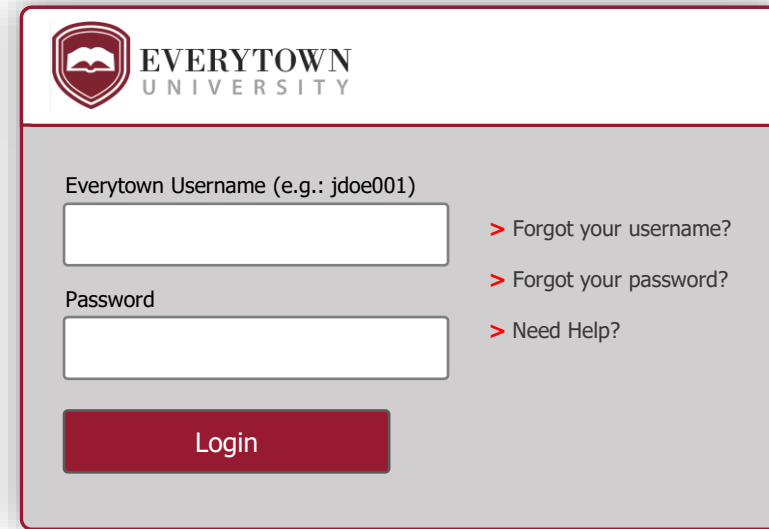

Getting Started with AIP

As administration and academic leadership, you will land on the **Dashboards** and see real-time reporting for adoption insights and trends

How do faculty log in?

- The Adoption & Insights Portal lets faculty log in with their institution credentials via a link to AIP in the institution's SIS or Learning Management System (LMS)
- Faculty can also access AIP through the link in their Adoption Reminder emails

In-Line Affordability Solutions

The "View Affordability Solutions" feature populates at the course/section level depending on course history. The feature will display if there is course adoption history for terms and an appropriate affordability option that maps to that course adoption history. If this isn't available, users can utilize the "Search" functionality for affordable option materials in the catalog.

Set **School-Specific Terminology** to configure AIP for your institution

On the *Permissions & Settings* page, Bookstore Managers & Tier 3 users can access the *User Permissions* tab

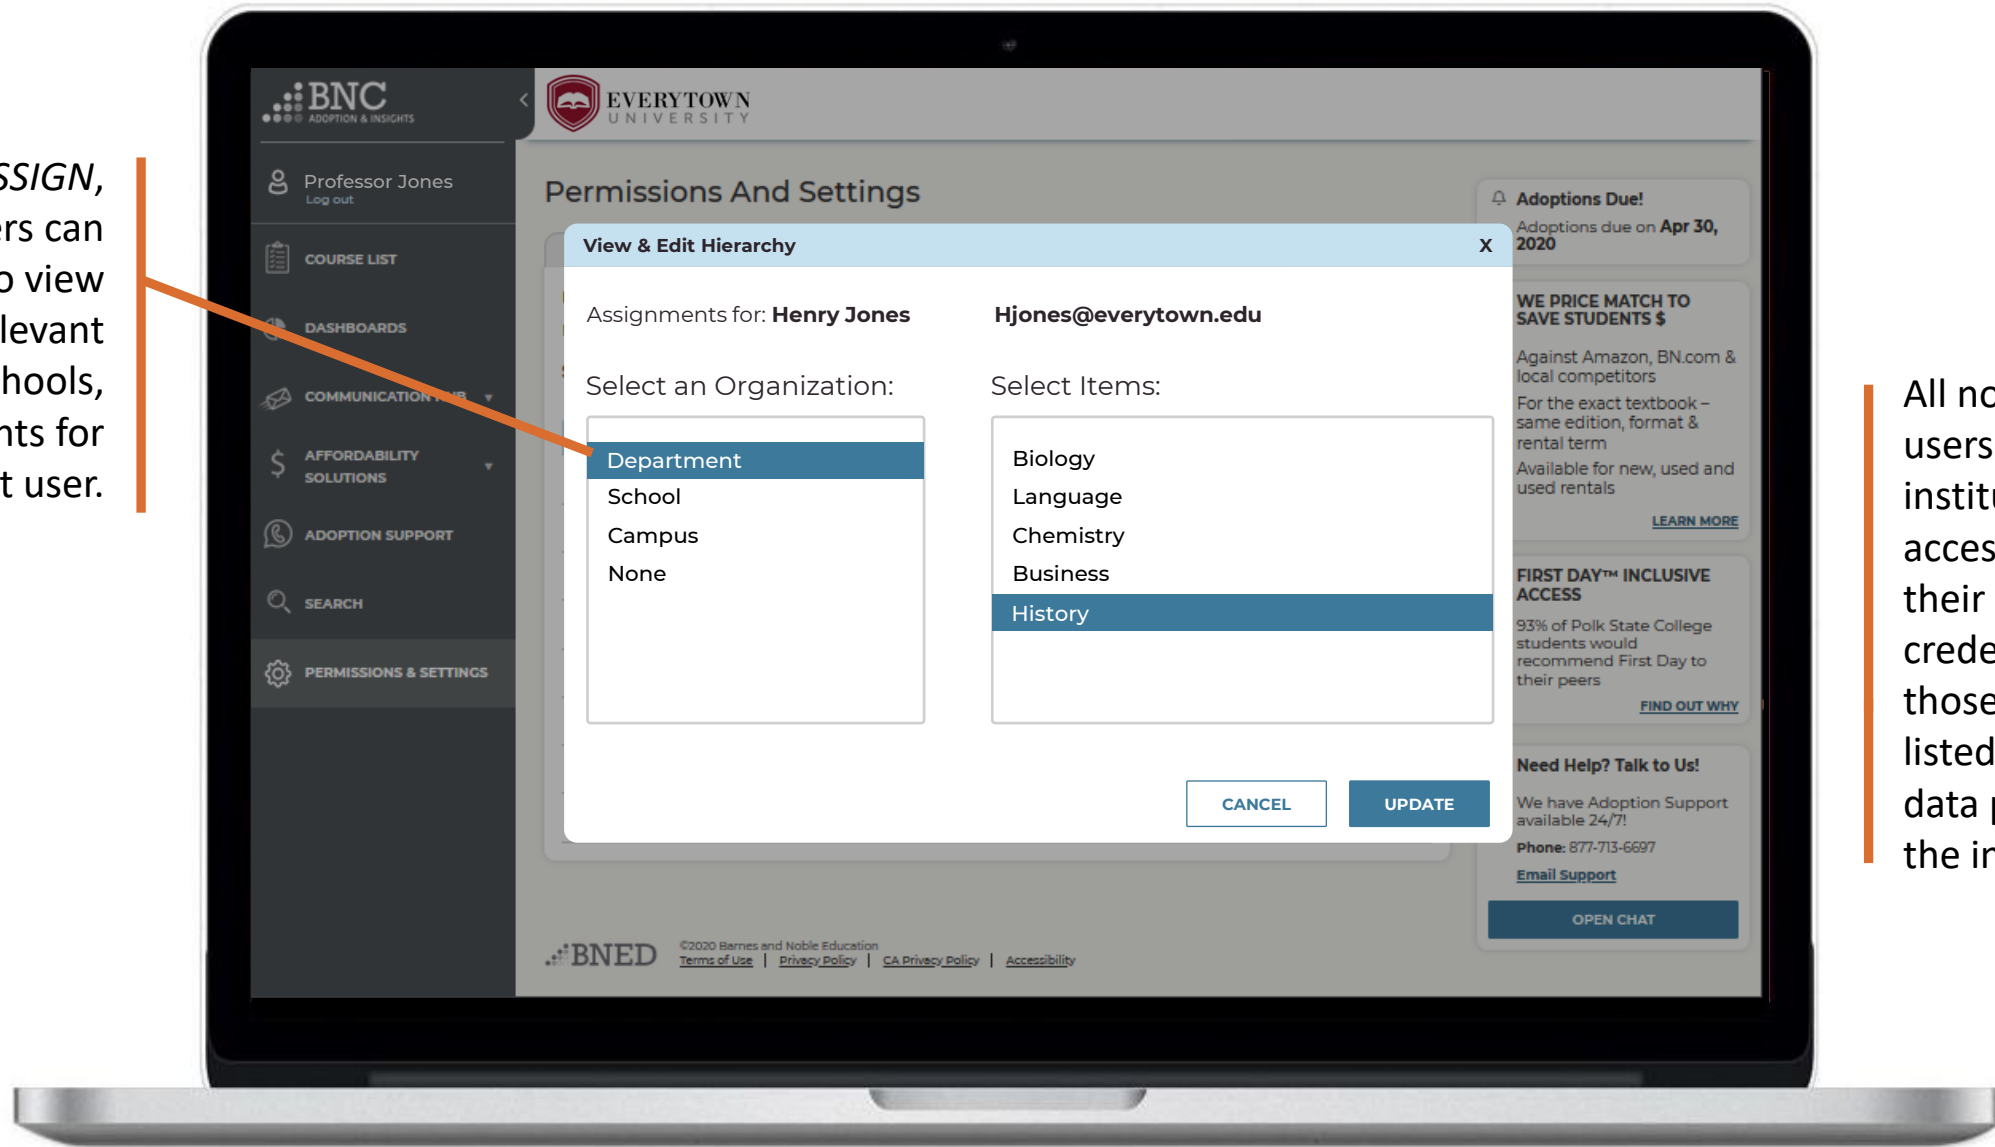

From the *User Permissions* tab, institutions can now move all users between different permission levels to control their access

Here, Tier 3 users can view and edit the permissions of all users in AIP. Search and sort the results to find specific users

Select the desired permissions level for each user with the dropdown menu

By clicking **ASSIGN**, Tier 2 & 3 users can be limited to view only relevant campuses, schools, or departments for that user.

All non-student users at the institution can access AIP with their institutional credentials, even if those users are not listed in the roster data provided by the institution

Note: AIP will always default to the information provided in the SIS roster data provided by the institution.

Some states have requirements for professors to affirm that all materials they adopt will be used in their course

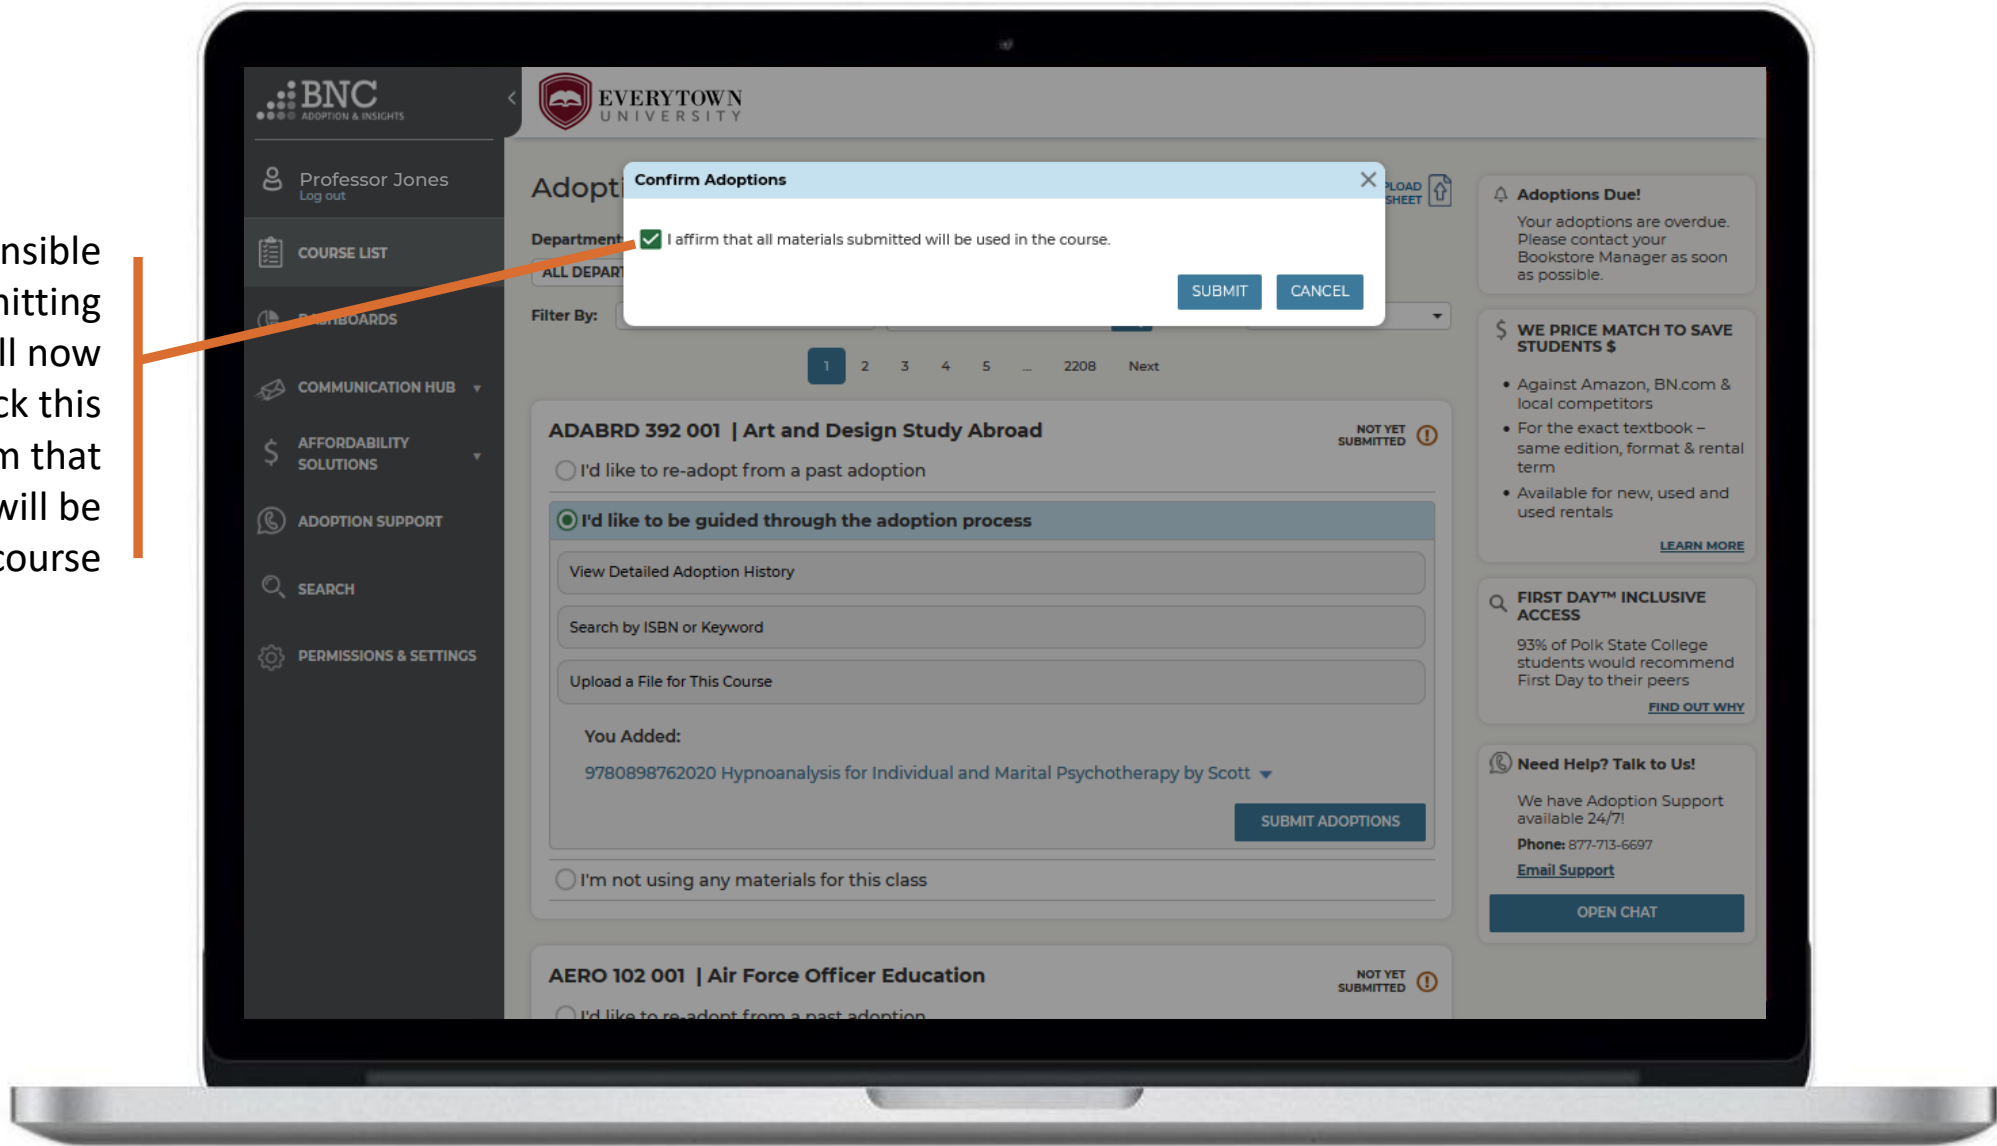

The toggle is located at the bottom of the page

Click Edit to customize the message to your state and institution

Turn on the toggle to enable Active Affirmation for your institution

People responsible for submitting adoptions will now have to check this box to affirm that all materials will be used in their course
