(A) Policy statement

The undergraduate residency requirement establishes a definition for residency for the awarding of an undergraduate degree from the university. Residency is defined as the minimum number of credit hours a student needs to complete while enrolled at the university. The undergraduate residency requirement for the University of Toledo is 30 credit hours. A student must complete at least 30 credit hours while enrolled at the university in order to qualify for a degree. The 30 credit hours may be accumulated over multiple semesters in which the student is enrolled at the university.

(B) Purpose of policy

The purpose of this policy is to ensure that students who graduate from the University have taken the minimum number of credit hours required for residency.

(C) Scope

This policy applies to all undergraduate students.

(D) Procedures

Each college may publish detailed implementation strategies specific to that college.
