This short tutorial provides information on how to create an IACUC Animal Use Protocol XForm in IRB Manager. Let's look at the Dashboard after our investigator John PI has logged in.

Important Information Welcome to the new home of IACUC Research. IACUC research is open for testing and training. IMPORTANT NOTE: Do not put real
Recent Items 300018-UT 400025-UT 400030-UT 400006-UT 400001-UT TEST-IACUC-3-UT TEST-IACUC-2-UT	xForms (22 Active) You have <u>8 unsubmitted</u> xForms. You have <u>14 xForms</u> being processed at a later stage. There are <u>3 xForms</u> awaiting your attention. Events (15 Open) Only show events where I am: You have <u>3 table</u> for the stage and the stage at the stage.	Protocol applications here yet. All data entered will be wiped before the go-live on Monday February 24th at 5:00PM. For help with the transition or for question about a specific protocol, contact the IACUC office. For questions about the system email Jamie.Vannatta@utoledo.edu or call <u>419-530-6651</u> .
Useful Links All Projects Dashboard IACUC Dashboard (coming soon) IBC Dashboard (coming hisoon) toledo.my.rbmanager.co	You have <u>13 IACUC Amenoment Submission</u> events. You have <u>13 IACUC New/Triennial Renewal Submission</u> events. You have <u>15 Total Open</u> events m/Dashboards/IACUC	

On the upper left hand side you will see an Action called Start XForm. If you click here, it will display a list of XForms from which you can choose to create. In this case, we will choose to create an IACUC Animal Use Protocol Form. The IACUC Animal Use Protocol XForm is organized into different sections or pages.

You may answer them sequentially or use the drop down list to skip to different section or pages of the XForm. Each question has an "Add Note" feature. This allows the individual filling out the XForm, perhaps a Lab Manager, to add a note or question for the principal investigator or the IACUC Office. By pressing the "Collaborators" link, you can add individuals that will be able to view, edit, and/or submit the XForm or protocol as well. At the bottom of each page are directional buttons that allow you to move to the previous or next pages or sections, save the XForm for later, and a more button. If you press the more button you are given various options including the options to view the XForm as a pdf, which will allow you to print it for later use.
